

Originally built in 1955, converted to a private family office with retail space on a 1000 sq.ft. lot in the heart of Wan Chai. Four levels and a roof-top, we restored this soulful building to its original layout, while strengthening the existing structure for safety. Then we added new modern facade elements and lightings to the exterior to blend in with the old. It is such a privilege to be part of this restoration, keep a piece of Hong Kong heritage alive.
