

Internally, we completed a full fit-out of the mall's retail, communal and recreational areas, including flooring, lighting, ceilings, mechanical and electrical systems, landscaping and other key interior elements.

The successful delivery of this high-profile project highlights our expertise in executing large-scale commercial renovations with precision, quality, and efficiency.

Current Projects:

- Structural and facade works at 21 Amoy Street for a post-WWII building
- Fit-out works for the Urban Renewal Exhibition Center in Central

Other Notable Projects:

- Renovation of Residence at Bel-Air - fit-out and structural works for a 3000 sq-ft residential flat by converting 2 single unit into a duplex with internal staircase
- Scape - renovation of 8 luxury townhouses in Chung Hom Kok
- Office renovation for a private equity fund in North Point
- Renovation of Residence at 23 Tai Hang Road 1000 sq. ft
